

# KALMA *Pendant*

The Kalma pendants feature a captivating combination of metal and timber.

When lit, the metal shade controls the light and directs it down, making it an ideal task light. The white inner of the shade is designed to maximise light output.

- 1 year in-home warranty

## Finish

- Matt black shade, suspension and ceiling rose with timber top
- Matt white shade, suspension and ceiling rose with timber top

## Applications

- These pendants would look cool as task lights in crisp, clean kitchens. Back them up with recessed downlights for best results.
- You could hang them as an alternative to a bedside table lamp.

## Dimensions

**Pendant height:** 235mm

**Pendant diameter:** 100mm

**Ceiling rose diameter:** 100mm

**Suspension length:** 1400mm

## Lamps (Sold Separately)

**Max wattage:** 40w   **Lamp:** 240v   **Base:** E27

# CLEO Pendant

The Cleo is a contemporary spin on the classic tapered glass pendant. Featuring an overlaid paint finish that creates a subtle ribbing effect on the glass.

When lit, the Cleo provides a diffused ambient light through the sides of the shade and also directs light downwards. This feature makes it an ideal task light.

- 1 year in-home warranty

## Finish

- White painted opal glass shade with brushed chrome ceiling rose and clear suspension
- Silver painted opal glass shade with brushed chrome ceiling rose and clear suspension
- Red painted opal glass shade with brushed chrome ceiling rose and clear suspension

## Applications

- Hang three or four of these in a row in your kitchen. You can mix the different colours to create a unique feature within the space.
- Use one of our three or seven light ceiling canopies to create your own unique pendant, in your stairwell or entranceway.

## Dimensions

**Pendant height:** 305mm

**Pendant diameter:** 125mm

**Ceiling rose diameter:** 90mm

**Suspension length:** 2000mm

## Lamps (Sold Separately)

**Max wattage:** 40w **Lamp:** 240v **Base:** E27

# NARVIK *Pendant*

The Narvik is an understated, Scandi-inspired pendant range. Featuring a metal shade with timber accent, which adds to its organic look.

When lit, the metal shade controls the light output and directs it downwards, making it an effective task light.

For the best lighting results when using a metal shade pendant, make sure to back it up with correctly placed downlights.

- 1 year in-home warranty

## Finish

- White shade with timber accent, and white ceiling rose and suspension
- Black shade with timber accent, and black ceiling rose and suspension

## Applications

- Hang in a row in your kitchen for an effective task and ambient light.
- Create a feature within your hallway by lining it with a number of Narvik's.
- These would look great on either side of the bed, as an alternative to bedside table lamps.

# EVOLUTION

## DC Ceiling Fan

Our Evolution fans have a 1300mm blade sweep and an energy efficient DC motor that is designed to be whisper quiet.

It is supplied with 4 curved laminated wooden blades and can be configured as either a 2, 3 or 4 blade fan.

Includes a 6 speed remote control.

No need to worry if you have a pitched, or sloped ceiling because the Evolution can be mounted at a maximum 25° angle.

If you're using this in your home, make sure you have at least 2.1m clearance from the floor to the bottom of the fan.

- Blade pitch: 21°
- 10 year motor guarantee
- 3 year in-home warranty

### Applications

- These are an energy efficient fan option for your home during all the seasons. Use forward air motion for summer and reverse for winter.
